GLOXINIA

## TUBEROUS BEGONIAS

This lovely type of Begonia with its large and exquisite blooms is becoming more popular each year. It grows and blooms in shady places, under trees, in beds, in porch boxes, or tubs, in places where other flowers will not thrive. For a long blooming season start the tubers indoors not later than March. They will be ready to set out in beds, porch boxes, hanging baskets, or tubs as soon as the danger of frost is over and will bloom continually until the tops freeze down in the fall. Instructions for planting and care, and for winter storing will be enclosed with your order. Place order early before colors or types are sold out.

**DOUBLE CAMELLIA**—This is the most popular type, having large double flowers resembling a camellia or rose. Colors are white, pink, rose, yellow, bluish, apricot, orange, dark red, scarlet, salmon, flame, American Beauty.

**DOUBLE PICOTEE**—Flowers of the same beautiful form as the camellia type but the color is two-toned, the center light, the picotee edge pink, salmon, or red.

**CARNATION TYPE (Fimbriata)**—Full double type with each petal fringed. Colors: White, pink, rose, yellow, scarlet and salmon.

**SINGLE FRILLED**—Having four large petals beautifully ruffled or frilled.

### Mixed Colors

**DOUBLE ROSEBUD**—Exquisite flowers resembling perfect rosebuds, with beautiful two-tone pastel shade coloring.

**CRESTED TYPE (Cristata)**—A beautiful show type, the plants being covered with masses of flowers having a crested formation on each petal.

**MARMORATA**—Double camellia flowered begonias beautifully mottled red and white.

**MULTIFLORA**—An extremely free-blooming variety. Many bright colors, in mixture.

**HANGING BASKET TYPE**—A very attractive type having double flowers similar to the Camellia type but smaller. They should be planted in window boxes, hanging baskets, pots on pedestals, or a shady place in rock garden. They are very showy, covered with masses of blooms. Colors: White, pink, rose, salmon, yellow, scarlet, apricot and orange.

**TUBERS** in the above types and colors are the largest size, averaging 2 inches and over in diameter.

Per Tuber 40c; 12 for \$4.00

**MIXED TYPES AND COLORS**—We have a large quantity of the next smaller size tubers which will also make very fine plants and flower abundantly. Mixed only.

3 Tubers 75c, 10 for \$2.25

HOQUIAM  
WASHINGTON

## GLOXINIAS

GLOXINIAS are a shade plant grown under similar conditions to Begonias, the tubers being started in peat moss and sand and later planted in pots. Each plant will have many large beautiful blooms. They come in plain colors or in deep colored throats with white edge, the throats being strikingly spotted and mottled. Planting instructions will be included with your order.

**BLANCHE DE MERU**—Pinkish rose with white throat.

**EMPEROR FRIEDERICK**—Bright scarlet bordered white.

**EMPEROR WILLIAM**—Violet bordered white.

**ETOILE DE FEU**—Light scarlet, compact growth.

**MONT BLANC**—Clear glistening white.

**PRINCE ALBERT**—Darkest violet, beautifully frilled.

**PRINCESS ELIZABETH**—Light blue with white throat.

**QUEEN WILHELMINA**—A dark rose.

**ROI DES ROUGES**—Brilliant crimson, huge flower beautifully frilled.

**VIOLACEA**—Soft violet. Large tubers each 40c; per dozen \$4.00; collection of one each of 10 varieties \$3.85.

## TIGRINA

Large flower with a short throat. Entire blossom veined and spotted, in a mixture of pink, blue purple and red marking on white. Extra large tubers each 60c.

## ANEMONES

Large single poppy like flowers in brilliant colors. Plant in early spring.

**HOLLANDIA**—Bright red.

**SYLPHIDE**—Violet.

**MR. FOKKER**—Blue.

**THE BRIDE**—White.

**MIXED**, all colors.

Per dozen 70c; per 100 \$6.00

**ST. BRIGID**—Double flowers, mixed colors.

Per dozen 75c; per 100 \$6.50

## RANUNCULUS

Beautiful full double flowers in many shades. Red, orange, pink, yellow, white and Mixed.

Per dozen 60c; per 100 \$5.00

12 for 95¢

25 ...\$1.80

100..\$6.75

CANDIDA—white

12 for 80¢

25..\$1.50

100..\$5.00

Open flower similar to Crocus blooming all summer. Foliage about 6". Plant in groups of at least 3 bulbs.

"The Hemerocallis plants I received from you in the spring were the finest and largest divisions I ever obtained anywhere and are all in bloom."

B. B. Nebraska

"Wish to report the wonderful success I had with my Begonias I bought from you this spring. They have given me the most gorgeous blooms. Everyone calling here gets a thrill. R.P.Wash.

TUBEROSES

Lovely flowers of thick wax-like texture, many double white blooms on a stem. Richly fragrant. Plant after all danger of frost is over. As there is only a small amount of foliage, they should be planted in groups of 3 or more bulbs.

3 for 55¢ 12 for \$2.00

BONUS BOOKS

Because WILSHIRE GARDENS .....

ESPECIALLY APPRECIATES

large orders—(office expense being the same on all orders large or small)—we are offering on all orders of \$25.00 or over a free copy of Worth Brown brand new edition of "Tuberous Begonias", off the press this spring.

# HEMEROCALLIS

## DAYLILIES

The gorgeous colors of the modern DAYLILY-pale primrose thru all shades of yellow and orange, shades of pink and red, deep maroon and purple, also two-toned, eyed and bi-colors- as well as its hardiness and freedom from pests and diseases, are making it one of the most popular perennials of the present time. While many varieties bloom in July when there is apt to be a lack of color in the garden, yet by careful selection one may have Daylilies blooming from May to October.

There is a very active Hemerocallis Society which stages national and local Hemerocallis Flower Shows and maintains a test garden. M. Frederick Stuntz is the Check List Compiler for the Society, keeping an accurate list of the hundreds of varieties being grown in all parts of the country, as well as the new varieties introduced each year. If you would like to belong to the Hemerocallis Society, ask us about membership. There are many benefits-bulletins, yearbooks, loan library, rental kodachrome slides---you will enjoy this contact with other amateur and commercial growers.

	Each
ANNA BETSCHER-Deep orange-yellow shaded reddish bronze. July. Height 3' . . . . .	\$.50
